BAPTIST REVIVAL MAKING PROGRESS

The revival at the Baptist church opened Sunday and the prospects for a successful meeting are most excellent. Rev. Sid Williams has lost none of the dynamic force which has made him a power for so many years and at both services he was heard by large congregations.

Although preparations were made to hold the evening service outside, the shower in the afternoon made it desirable to move inside. The other churches called in their appointments and the house was crowded to its utmost capacity. The evangelist spoke on the subject of human opportunity and Christian influence and duty to lead others to the light.

The music is under the direction of Miss Mollie McMillan. She has organized a large choir composed of many of the best singers of Ada and the singing forms a highly interesting and important part of the services.

The services will be held at 10 a. m. and 7:30 p. m.

Wisconsin State Fair Opens.

Wilwaukee, Wis., Sept. 8.—With practically every available foot of exhibition space occupied, the Wisconsin State Fair was opened today, under promising conditions. The display of machinery and manufactures, live stock and products of farm, orchard and dairy has never been excelled here. A harness race meeting under the auspices of the Great Western Circuit is to be one of the leading attractions of the week. The Governor and other state officials will visit the fair Wednesday.

Fiesta in Mexico City.

City of Mexico, Sept. 8.—The Mexican capital forgot her troubles today and all classes and nationalities joined with the Spaniards in the celebration of their great holiday, Covadonga. There is no fiesta on the calendar in this republic that is more popular. Even the great national feast days of the Mexicans do not surpass Covadonga in general interest. As the Spanish colony is the largest of the foreign organizations and includes many men of great wealth, there is no shortage of funds.

Elaborate entertainment was provided for all today. Games, athletics, fireworks, free theatres and the gathering of the colony's beauty combined to attract large crowds to the Tivoli del Eliseo, where the principal events of the programme were held. In addition there was a special mass at the Cathedral, said by Archbishop Mora in person. In the afternoon a special bull fight was given at which twelve of the most beautiful women of the Spanish colony presided as queens.

Masons Meet in Grand Canyon

Phoenix, Ariz., Sept. 8.—Unprecedented in the history of Masonry in this country is the initiation session of the Arizona Masons, which was opened today in the famous Grand Canyon of the Colorado. This morning a candidate as initiated into the first degree of the order at the bottom of the canyon. At a point halfway to the rim the second degree was conferred this afternoon. Tomorrow the initiation is to conclude with the third degree work at the Hopi House, on the summit. The unique programme has attracted high degree Masons from many parts of the country.

WAR DECLARED ON BACHELORS OF ST. LOUIS

St. Louis, Mo., Sept. 8.—War has been declared by society matrons on the bachelors and the bachelors in return have declared war on the matrons and a merry contest is expected at the time of the Veiled Prophet's ball, when the forces will line up for a test of strength.

It all came about when a number of the members of the Wednesday Club, one of the most exclusive women's clubs in the city, decided to blacklist those bachelors who have failed to show proper respect for their hostesses.

The bachelors in return declare that hostesses who blacklist any of their number will in turn be blacklisted by them, and any debutantes for whom these hostesses are sponsors will fail to get invitations to the opera, balls or other social functions, pending the lifting of an embargo.

PLUM FOR DUKE STONE

FORMER PROMINENT ADA LAWYER
APPOINTED FIRST ASSISTANT
U. S. ATTORNEY.

The following item from the Los Angeles Times of Sept. 24, will prove highly interesting, as well as gratifying, to the many friends of Duke Stone, who was one of the recognized leaders of the Ada bar during his residence here. The paper was sent to the News by C. W. Graves and is reproduced heading and all. It is evident that Stone has been making a first class record in his new home. The article was accompanied by a cut of the new assistant attorney.

Federal District Attorney Picks a Big One

The Democratic setam-roller is at work. The appointment of Duke Stone of Glendale as First Assistant United States District Attorney was announced yesterday. He will take office on October 1.

PARENTS NOTICE—

School time is here—start your child in school with a fair chance. Have his eyes tested by the old reliable optician. I specialize in this line of work. Best of equipment. A. D. COON — at Ramsey Drug Co.

The new official comes highly recommended. He is further declared to be able to see farther into a case than most lawyers, for he is one of the tallest in the country—six feet four inches in height with a little to spare.

Young Stone was admitted to the bar in Tennessee, his native State, in 1899, and until a few years ago practiced his profession at Brownwood, Texas. He came to Los Angeles two years ago after practicing at Ada, Okla., and at one time was a member of the law firm of Lanson, Stone & Cass, with offices in the Story building. For some time past he has been associated with Avery &

French in the Bullard building. He is 36 years old and has always been a Democrat as had been his father, a Confederate captain before him.

Stone will succeed Edward A. Regan, who will be retained temporarily to represent the government in the trials of Dr. John Grant Lyman, and the indicted directors of the Cleveland Oil Company.

Stone lives at No. 935 Fairview avenue, Glendale, with his family. The later consists of his wife and a daughter. The place pays \$2,500.00 a year.

Mrs. Russell Sage is 65.

New York, Sept. 8.—Receiving congratulations from friends throughout the United States, and also from abroad, Mrs. Russell Sage, widow of the famous financier, today quietly observed her eighty-fifth birthday anniversary. Mrs. Sage is reported to be in good health. Since the death of her husband she has devoted much of her time the numerous charities and philanthropies in which she is interested. Within the past few years she has given to public institutions nearly \$30,000,000. The largest of her gifts was one of \$10,000,000 for the Russell Sage Foundation for the improvement of social and living conditions in the United States of America. Among her other contributions were \$2,500,000 for the Forest Hill Gardens, near Jamaica L. I.; \$2,000,000 to the Presbyterian church and school at Far Rockaway, \$1,000,000 to the Rensselaer Polytechnic Institute, and \$1,000,000 to the Troy Female Seminary, of which Mrs. Sage is a graduate and where she taught before her marriage.

May Issue Short Term Notes.

Baton Rouge, La., Sept. 8.—The Louisiana legislature convened in special session today, pursuant to the call of Governor Hall. The principal purposes of the session are to make arrangements for the payment of the state bond issue which matures January 1, and for the filing of the reports in the United States senate.

IMPORTANT VALUES IN SCHOOL SUPPLIES

Perhaps you have never given much consideration to their purchase, but think for a minute of the long days the little ones must spend in using them and how much pleasure and satisfaction it means if everything is just like they want it.

Something that does not suit is a keen disappointment and now is the time that your children are forming habits and ideas that will have a great influence on their futures.

Failure to equip them with them with the proper supplies is an actual handicap.

We have taken all these features into consideration in buying our school supplies and the children will receive the same prices, if they come alone, as you do.

The two showers of Sunday were like the twelve inch rain reported by an exchange—the drops were about twelve inches apart.

The Claremore News is trying to work up a boom for Haskell as the next governor. Some people seem to enjoy living in the past.

If the Ada commercial club had done nothing more, the building of the Byrd's Mill road would amply justify the existence of the organization. Nothing like first attention to developing what we already have. Other improvements and enterprises will follow.

A Mexican soldier at Juarez felt able to invade and conquer the United States single handed. He came across the bridge towards El Paso shooting as he came and might have eventually accomplished his design had he not been shot from his horse by two American guards just before he touched soil of the United States.

The row between John Williams and John Doolin over the appointment of a district judge seems destined to lose the governor the friendship of one or the other of his two staunchest supporters. The governor seems to have a very unfortunate way of alienating old friends and at the same time being unable to make new ones.

We second the nomination of Editor Luther Harrison of Wewoka, for lieutenant governor. He is all right, and the Oklahoma press should land him free of charge.—Idabel Beacon-Times. Something in that. The press boys have been landing lawyers long enough. Time they asserted themselves by electing one of the fraternity to some good place, and Harrison is a splendid man to present with the first juicy plum the boys knock from the tree.

Ada is about the only town in Oklahoma that did not find it necessary to vote an additional tax for the support of its schools this year. Supt. Robinson and the school board have planned everything out on a most economical basis so this would not be possible. Of course if Oklahoma had a state fund of \$7 per capita, like Texas, it might get along on less, although many of the cities of Texas even with this aid, find it necessary to levy a five mill tax just as is done in Ada.

Sage To Love For Doll

Material Instinct Greatly Developed by Teaching Children to Love their Dolls.

The little child's doll is mother to the most romantic fairy. And in the years that pass, the doll fades into the petals of a June rose, to evolve the most wonderful of all transformations.

And now comes a more serious period

when the joy of real motherhood should be as tranquil as best effort can provide. This is accomplished with a wonderful remedy known as Mother's Friend, an external application so penetrating in its nature as to thoroughly lubricate every cord, nerve, muscle and tendon involved. There will be no pain, none of that nausea or morning sickness, no sensation of distress or strain of expanding muscles. The nerves, too, will be calm, thus making the period one of restful days, of peaceful nights and a source of happiest anticipation. The young, expectant mother must be carefully watched lest she become absorbed in those mental distresses which ill prepare her for the most important event in her life. Mother's Friend enables her to avoid all sensation of dread, worry or pain, and thus she is preserved in health and strength to take up the joyful task of motherhood. You will find Mother's Friend on sale at all drug stores at \$1.00 a bottle. Do not fail to use it regularly as directed. Write to-day to Bradford Regulator Co., 135 Lamar Bldg., Atlanta, Ga., for their most valuable little guide book for expectant mothers.

SOUTH MAY HAVE RAIN THIS WEEK

Washington, Sept. 8—Cooler weather during the coming week is promised the central part of the country by the Weather Bureau, but no prospect is held out for relief in the East and South and even higher temperatures are indicated for the Northwest.

"The eastward movement of a North western high pressure area," the weekly bulletin issued tonight says, "will be attended by lower temperatures early in the week over the central plains States, the Missouri and upper Mississippi Valleys and the upper lake region, and probably by some moderation in the Ohio Valley and the lower lake region. Light frosts are probable Monday among lowlands of North Dakota and Northwestern Minnesota."

"In the East and South temperature changes during the week will not be decided, while in the Northwest it will be warmer during Monday and dry the middle part of the week, temperatures will be rising generally over the central and western portions of the country, followed by a fall over the Northwest toward the end of the week."

"A marked disturbance now over Southern Alaska will extend eastward and southeastward, causing rains early in the week over the Pacific states and about the middle of the week over the Northwestern States east of the Rock Mountains. No other precipitation of consequence is indicated during the week except in the South, where thunder storms are likely to continue the greater portion of the week."

"There are no present indications of a tropical disturbance."

We, the teachers in the South School, extend to Mr. and Mrs. French our heartfelt sympathy in their recent sorrow—

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

ORIGINAL OREGON BOOT ON EXHIBITION

The original of the famous "Oregon boot" is now in this city as a part of a collection of relics of the Oregon penitentiary, in charge of Elmo S. White, personal friend of Governor Oswald West of Oregon, the pioneer in the honor system of treating convicts. Mr. White is making a lecturing tour of the country and will appear at the Majestic theatre tonight, tomorrow matinee and night.

The Oregon boot, which, to be correct, is a shackle, calculated to fasten down the most desperate criminal, was invented by an inmate of the Oregon prison, a convict who had experienced the ease with which a desperate man could escape from the custody of officers while traveling from one place to another. The original boot differs somewhat from the boot now used, but in design and general effect is the same.

It was fitted with three small round pins or rollers, of manganese steel, placed about the rivets, each of which was driven red hot through the shackle and welded down. The purpose of these rollers was soon found out should the convict try to file his way loose. The file or saw would easily pass through the soft rivet should it once be reached, but the small pieces of turning steel would merely roll, the teeth of the saw falling to make any impression on them and thus failing to reach the rivet.

This historical relic is on exhibition in front of the Majestic, together with many curios made by the convicts in their cells.

Mr. White is an interesting young man who was formerly the city editor of the Oregon Daily Statesman of Salem, Oregon. He tells many jokes, stories and facts encountered in his newspaper work.—McAlester News-Capital.

At the Majestic theatre tonight.

PROF. AND MRS. R. L. FRENCH
LOSE THEIR CHILD
Saturday night death visited the home of Prof. and Mrs. B. L. French and claimed their infant son, J. J. who had just passed his first birthday. The funeral services were held Sunday afternoon at the residence by Rev. C. L. Brooks after which the interment took place at Rosedale cemetery.

The little one was the only child of his parents and his sudden taking away is a hard blow and a heavy burden for them to bear. Though their hearts are heavy and the home has lost its most precious treasure, the parents still have the comforting assurance that he pining will no be for always.

UPDIKE FREED OF MURDER CHARGE

Oklahoma City, Sept. 8.—At 1 o'clock this morning the jury in the District Court trial of B. U. Updike, charged with the murder of A. Q. Christianson, Jan. 15, 1911, returned a verdict of acquittal. Some months ago Updike received a life sentence for the murder of P. D. Anderson, committed at the same time Christianson's death occurred. On the night of Aug. 2, he was given a full pardon by Acting Governor McAlester.

Upon leaving the prison Updike was arrested on the other charge, and was placed on trial Thursday last before Judge Tom D. McKeown of Ada as special Judge.

BARGAINS IN KODAKS THE OPPORTUNITY IS HERE

This sale of used kodaks affords a once-a-year chance that we do not think you can afford to overlook. It comes about, that in the course of a year we sell a number of kodaks to people who wish to use them—say, during their vacation or for an excursion in the woods. After while they get so fond of kodaking that they come back to get different ones more adapted to their purposes or better ones. Naturally under the circumstances the most graceful thing we can do is to take them in exchange or as part payment. It is the kodaks accumulated in this manner that we are now offering at very reduced prices. "USED" not "second-hand" kodaks in splendid condition and sold to you with iron bound Ramsey's guarantee.

NEGRO KILLS 2 GUTHRIE COPS

Guthrie, Okla., Sept. 8.—At no time since the city was founded has Guthrie been so stirred as tonight. With the dead bodies of two veteran police officers lying in the morgue, pierced through and through by bullets from automatic revolvers operated by a negro bootlegger whom the patrolmen attempted to place under arrest for violation of the liquor laws, citizens in mass-meeting took steps to rid the city of all "undesirables" and near midnight retired to their homes, expecting momentarily report that a determined posse, which has been trailing Sheriff John Mahoney and his prisoner for six hours, had overtaken the officer, wrested his black captive from him and meted out justice as it was wont to be administered in the day when Guthrie was a city of tents.

Lon Muxlow and I. H. Caldwell were shot and instantly killed by Lou Green, negro, bootlegger, police court character, and out on ball at the time of the killing Sunday afternoon, when they attempted to arrest Green for selling liquor.

Green was arrested by Sheriff Mahoney, lodged in the federal jail, and as a mob approached from the south intent on a lynching, the sheriff commandeered an automobile that was passing, hurried his charge into it and set out for Noble county jail at Perry. Less than ten minutes behind the sheriff was a posse of citizens in automobiles, determined the negro should pay the penalty for his crimes without a chance of commutation. Latest news from the chase was to the effect that Sheriff Mahoney had discarded the automobile fifteen miles north of here when the gasoline became exhausted, and after traveling across the country on foot for some miles secured a horse and buggy with which to continue the flight. The posse was reported still in pursuit and gaining in numbers as farmers along the way joined in the chase.

MANY ENROLL AT NORMAL

The day at the normal has been devoted to the work of enrolling and classifying students and in view of the large number of new students considerable yet remains to be done. The enrollment is gratifyingly large and much in excess of that of any previous opening of the school. Registration work will begin Tuesday or Wednesday as soon as the students can be properly classified.

Worth Framing.

Here is a "character" given to a servant on leaving his last situation: "The bearer has been in my house a year, less 11 months. During this time she has shown herself diligent at the house door, frugal in work, mindful of herself, prompt in excuses, friendly towards men, faithful to her lovers, and honest when ever, being was out of the way."—London Tit-Bits

Wonderful "Water Vine."

One of the wonders of the Guatemala jungle is the "water vine," a black, snakelike, leafless stem, dropping from the celba and mahogany trees to which it has climbed. It is said to contain a quart of water to every foot. When the stem is cut the water spurts forth in a refreshing stream. Moisture is drawn up from the soil, and filtered through the pores of the plant.

Optimist and Pessimist.

One of the recent definitions of the pessimist and the optimist is, the pessimist is the man who sits in the last seat of the rear car of the train and sees everything apparently going from him, and the optimist sits on the front of the engine—the cowcatcher—and sees everything coming his way.

Southern Commercial Congress Will Meet at Mobile

Washington, D. C., Sept. 2.—To describe the great fifth annual convention of the Southern Commercial Congress which will be held in Mobile, Ala., October 27-29, Hon. John Barrett, Director General of the Pan American Union, and Dr. Clarence J. Owens, Managing Director of the Southern Commercial Congress, will leave Washington on September 9th, and deliver addresses under auspices of commercial organizations in the principal cities of the sixteen Southern States.

Mr. Barrett and Dr. Clarence Owens will speak at Baltimore, Richmond, Raleigh, Columbia, Atlanta, Jacksonville, Mobile, Knoxville, and other cities. A great mass meeting will be held in Mobile, the convention city. The addresses at Knoxville will be delivered on Southern Commercial Congress Day at the Conservation Exposition. All of the sixteen Southern states will be visited.

Mr. Barrett is especially interested in the Mobile convention because the Pan American-Commercial Conference under the auspices of the Pan-American Union, will participate with the Southern Commercial Congress in the Mobile meeting. Mr. Barrett is a former United States Minister to Panama, Columbia, and the Argentine Republic and as Director General of the Pan-American Union is the only International officer in the Western Hemisphere.

Not only is the tour of Mr. Barrett and Dr. Owens planned to create interest in the fifth annual convention of the Southern Commercial Congress at Mobile, but its purpose is to stir the minds of the people of the South with respect to the immense commercial opportunity which will follow the opening of the Panama Canal.

Dr. Owens has just returned from Europe where he served as director general of the Permanent American Commission on Agricultural Co-operation, which investigated rural credits and agricultural co-operation in fourteen European countries. During the tour he will tell the business men of the South something of the work done by the commission.

During the tour business men of the South will have an opportunity to make arrangements to participate in the Pan-American expedition which will leave Mobile at the expiration of the convention, for a three month's tour of the South and Central America. A seventeen day trip has been arranged for delegates to the convention, who will visit the Canal Zone from Mobile.

There Lay the Worry.

"I say, Sambo," asked a man of an improvident negro who had lost a job for the third or fourth time, "aren't you worried over the question of wherewithal to support you?" "Lordy, Marse Henry," was the reply. "I ain't worryin' 'bout wherewithal, Ise worryin' 'bout de wherfore fude herein."
